

Setting up Application Environment C

create IBM Cloud Account

Step 1. Navigate to ibm.com/academic and register with your smartinternzmail

The image shows a sequence of steps for setting up an IBM Cloud account. It starts with the IBM SkillsBuild Software Downloads page, which features a large image of students in a lecture hall. Below the image, there is a text block describing the benefits of IBM SkillsBuild and a 'Register Now' button. The next step shows a browser window displaying the registration form. The form has a title 'Enter your academic institution issued email to begin' and a sub-header 'Only the students and faculty of participating academic institutions are eligible to access this website. Please enter your academic institution issued email below to register.' The email field contains '60211434025@smartinternzmail.com'. There is a 'Submit' button and a link to 'Find answers or ask frequently asked questions'. The bottom of the page shows a Windows taskbar with various application icons.

IBM SkillsBuild Software Downloads

Harness the power of IBM. Get easy, no-charge access to the tools you need to develop the next great thing. Enjoy powerful technical and strategic resources from IBM. Jump right in with access to powerful services and the most prominent open-source computer technologies, or take advantage of hands-on resources that will teach you about data science, artificial intelligence, security and more.
